Ranger: Alcohol Ink

Ranger: Paint Dabber

Rubons: Unknown

Technique Tuesday: Stamp

Sharpie: White Paint Pen, Fine

Adhesives:

Scrapbook Adhesives by 3L: EZ Runner

ModPodge Matte

Technique:

In order to change the color of the tin I applied a few colors of Alcohol Ink for a marbled effect. To protect the surface of the tin I then applied a coat of Matte ModPodge. The surface is decorated with a small strip of cardstock edged with a White Ranger Paint Dabber and applied to the lid with an a Scrapbook Adhesives by 3L EZ Runner. I then placed a small bling sticker and layered my title over that.

The mini album itself in made of microscope slides which I cut down to 3 ½” long in order to fit in the tin. Each slide was inked and embellished with one rubon, a small flourish stamp and edged with the same white paint. I adhered small index sized prints to each slide, doodles and journaled with a white sharpie. The album is held together with a small bead chain.
